#### USCG Type III Certification of Sun-Mar Mobile Marine Sanitation Device (MSD)

We have reviewed your letter received on April 5, 2005, requesting an extension of your currently certified MSD. A Type III certification does not expire as long as no modifications have been made. The model specified below is certified under the provisions of 33 CFR 159.12 (a), provided that:

- 1) It is used solely for the storage of sewage and flushwater at ambient air pressure and temperature; and
- 2) It is designed to prevent the overboard discharge of treated or untreated sewage or any waste derived from sewage.

<u>Model</u>	<u>Capacity</u>	<u>Certified for</u>
Sun-Mar Mobile	3 LPD	Uninspected Vessels

In accordance with 33 CFR 159.12 (a), Type III MSDs are not issued a USCG certification number and may not be labeled under the provisions of 33 CFR 159.16.

This certification cannot be transferred to another manufacturer without written authorization from the Marine Safety Center (MSC). You must notify the MSC in writing when you make any change in the design or construction of this device.

If you have any further questions or concerns, please contact our office at 202-366-6440.

Sincerely,

A handwritten signature in black ink, appearing to read "B. G. Bubar".

B. G. BUBAR  
Commander, U. S. Coast Guard  
Chief, Engineering Division
